QUALITY DESCRIPTIONS

The **National Association for the Education of Young Children (NAEYC)** sets and monitors standards for high-quality early childhood education programs and accredits programs that meet these standards. NAEYC Accreditation has been helping parents make the right choices and improving the quality of education and care provided in programs for young children.

Other Accreditation Programs Listed in the NAEYC Column May Include:

Council on Accreditation (COA)

National Accreditation Commission (NAC)

National Accreditation for Family Child Care (NAFCC)

A **Texas Rising Star (TRS)** Provider is a child care provider that has an agreement with a Board's Child Care Contractor to serve Texas Workforce Commission (TWC) subsidized children and that meets requirements that exceed the State's Minimum Licensing Standards for child care facilities. These providers are rated at 2, 3, or 4 stars (*) with 4 stars being the highest.

Texas School Ready (TSR) is a high quality early childhood model, based on proven school readiness components including: high quality, developmentally appropriate and rigorous curriculum; continued student progress monitoring; professional development for teachers; and creating and implementing a School Readiness Integration Partnership to coordinate services among school districts, child care providers, and Head Start programs participating in the Kindergarten Readiness System.
